

English

This term, we will be using The Loch Ness Monster as our inspiration for writing, composing a magazine article and an infographic for a children's publication. This will be taught along-side our SPAG, which will support the children's writing.

Maths

We extend our knowledge of place value to numbers beyond 1000. We will also practice different methods to complete questions that involve the four mathematical operations. In the topic of measure, we will calculate area.

Rowan Class Curriculum Newsletter

Computing

We will learn about coding using Scratch. We will also be able to recognise how to someone may change their identity online and the strategies to use in order to safely experience various online social environments.

Foundation Subjects

In RE, our focus this term will be Christianity. As historians we will study why people have migrated to Britain and explore rivers in geography. In music we will learn about the loops and layers of music. Our DT this term will explore the structure of a healthy and varied diet.

A message from Mr. Huntington

Welcome back, and a warm welcome from me as I join the Thornton Primary Family. Rowan Class will have swimming lessons every Friday morning, so they should bring their swimming clothes and towel in a bag. Forest School will be on a Friday afternoon; children come to school wearing their uniform, bringing their forest school uniform in a bag to change in to for the afternoon. I am very excited about the year ahead, with several exciting learning opportunities in the pipeline, details will be sent out when these have been confirmed.

Science

We will be learning about human nutrition and the functions of the various parts of the digestive system. We will also explore classification keys, to group and identify living things within our local and wider environment.

PE

Each Thursday, Mr. Sharp will teach us for PE. We will develop a range of effective passes and tactics when attacking and defending in handball. Later, he will help us explore and consolidate throwing and catching skills.

Homework

Homework will be set each fortnight and include a writing task to be completed in your child's orange book. The book should be returned by the date given. Children can log in to Spelling Shed, Times Table Rockstars and Active Learn to access additional activities to support their learning.
